REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-3 are patentable over the prior art patents and printed publications because of the specific shading correction method for a heat development recording apparatus, which comprises measuring the recording density of a continuous recording pattern by a first density measuring unit to generate a shading correction data for each pixel before shipping the recording apparatus and after the shipping measuring the recording density of a discrete recording pattern with a second density measuring unit to generate another shading correction table to overwrite the initial shading correction table. The combined limitations are not taught by the prior art of record alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hai C. Pham whose telephone number is (571) 272-2260. The examiner can normally be reached on M-F 8:30AM - 5:30PM.
